FAREWELL BANQUET TO COL. BUFFALO JONES

New York, Dec. 4.—"Buffalo" Jones, who is known throughout the country as the man to whom most credit belongs for preventing the total extinction of the buffalo, has arrived in New York preparatory to sailing for Africa, where he hopes to gain new laurels by roping lions and other varieties of wild animals that make the jungles of the Dark Continent their habitat.

Mr. Jones believes that for a man of his experience it will be as easy to catch the king of beasts with a lariat as it is to rope a Texas steer. This opinion is shared by "Mike" Lovelace of Captain, N. M., and "Jim" Owens of Fredonia, Ariz., two of the best ropers in the west, whom Mr. Jones has selected to accompany him on the trip and to share in the profits that he expects to reap when he returns with a shipload of wild animals that have fallen victims to his prowess with the lasso.

As a fitting farewell on the eve of his departure, Mr. Jones is to be tendered a banquet at Delmonico's tonight, at which the menu will include buffalo steaks, bear meat and other delicacies that are supposed to tickle the palate of the western ranchman and hunter. Numbered among the hosts at the dinner will be "Buffalo Bill," "Pawnee Bill," Charles M. Russell, the "cowboy artist," Ernest Thompson Seton, the writer, and William T. Hornaday, director of the Bronx Zoo.

Mothers find Perry Davis' Painkiller invaluable in the nursery, and it should be kept at hand in case of accident. For pain in the breast take a little Painkiller in sweetened milk and water, bathing the breast in it at the same time. If the milk passages are clogged, from cold, or other causes, bathing in the Painkiller will give immediate relief. Ask for New 35c. Bottle.

The world is full of knockers, but Opportunity is seldom numbered among them.

For A Lame Back
When you have pains or lameness in the back bathe the parts with Chamberlain's Liniment twice a day, massaging with the palm of the hand for five minutes at each application. Then dampen a piece of flannel slightly with this liniment and bind it on over the seat of pain, and you may be surprised to see how quickly the lameness disappears. For sale by all dealers.

Rum has caused almost as many downfalls as banana skins.

Stung For 15 Years
by indigestion's pangs—trying many doctors and \$200.00 worth of medicine in vain. B. F. Ayres, of Ingleside, N. C., at last used Dr. King's New Life Pills, and writes that they wholly cured him. They cure constipation, biliousness, sick headache, stomach, liver, kidney and bowel troubles. 25c at all druggists.

PRESIDENT TO PASS ON COPPER MERGER

PROMOTERS WILL COMPLY WITH THE SHERMAN ANTI-TRUST LAW

ARE ACTING ADVISEDLY

They Say There is No Intention to Create a Monopoly—Believe Their Scheme Will not Fall Under Ban of Statutes—No Purpose of Faking in all Producing Companies—Consumers Would Benefit by Establishment of Stable Market Such as is Proposed—Vacillations Menace Industry.

Washington, Dec. 4.—According to information received from trustworthy sources, future developments in the copper merger plan will be governed to a large extent by the result of conferences which are to be held next week in Washington between representatives of some of the leading companies involved and the federal authorities. It is understood that arrangements have been made by which some of the copper men will meet President Taft next week in Washington, when, it is expected, a full discussion of the scope of the proposed merger or agreement will take place.

It is understood that the interests working toward an agreement or merger of several of the leading copper producing concerns have no desire to circumvent the law, and are perfectly willing that the federal authorities should be fully informed upon their plans before an attempt is made to carry them into execution. There is reason to believe that at the forthcoming conferences, the officials at Washington will be apprised of the exact method by which it is proposed to bring about an improvement in the copper trade, and if in any way the plan should meet with objection from the federal authorities or, in their opinion, prove to be in violation of the law, it will be so modified as to meet with the approval of the department of justice. Meanwhile it may be stated that the general proposition has not been abandoned, and another conference between the leading interests to the plan was held today.

According to statements made by those who should be informed on the situation, there is every reason to believe that the proposed plan will not be such as to fall under the ban of the law, neither will it be one which could be construed as monopolistic. At no time has it been proposed to amalgamate all the copper producing concerns, and the companies which it is planned to bring into the combination, while embracing a very substantial part of the producing capacity of the country, by no means would prove an entirely controlling factor in the trade.

It is also asserted that the scope of the measure in view is such as would benefit consumers in the long run quite as much as the producers, in that it would result in the maintenance of greater stability in the price of the metal and do away with the extreme fluctuations which have been the rule during the last few years. That these wild vacillations are a menace to copper consumers, as well as producers is generally conceded by trade interests, who declare that all would be better served by the establishment of a comparatively stable market for copper metal contracts with some reasonable assurance of being able to fulfill them without having their calculations upset by sudden changes in the price of the red metal.

For Eczema, Tetter and Salt Rheum

YANKEE FUEL COMPANY TO RE-OPEN MINES REPORT

Raton, N. M., Dec. 4.—An unauthenticated but apparently well-grounded rumor is to the effect that all difficulties between contending bondholders of the Yankee Fuel company and the Santa Fe, Raton & Des Moines railroad have been amicably and satisfactorily settled, and that on or about January 1st the Yankee Fuel company coal mines will commence operations in full force. In this connection it is also said that the railroad construction east of Des Moines will be pushed into Oklahoma, thereby opening up an enlarged market for the coal product.

BABY'S VOICE

The ordeal through which the expectant mother must pass is such that she looks forward with dread to the hour when she shall feel the thrill of motherhood. SOCIETY

The members of the Ladies' Auxiliary of St. Paul's Guild met this afternoon with Mrs. Harriet Van Patten at her home on Seventh street.

Mr. and Mrs. C. W. G. Ward entertained at dinner last evening at their home on Seventh street, having as their guest Judge J. R. McFie, of Santa Fe.

The sale of useful articles to be held next Tuesday afternoon at the chapel of the Episcopal church under the auspices of the Ladies of St. Paul's Guild, should be well attended. The ladies have been quite busy making articles for this sale and will also serve refreshments after 3 o'clock in the afternoon.

The unexpected departure during the week of Mr. and Mrs. Arthur C. Tipton, was met with keen regret on the part of the society people of Las Vegas, as a great deal had been planned for their entertainment during their stay in the Meadow City. The departure of Mr. and Mrs. Tipton for Newark, N. J., was urgent, however, and was in response to a message sent them.

A Pretty "Shower"

Last Saturday afternoon Mrs. Geo. H. Kinkel, entertained with a "shower" complimentary to Miss Charlotte Hayward, who during the week became Mrs. James Frederick Anton. The occasion was a delightful one and Mrs. Kinkel proved herself equal to the task before her and entertained in a most happy manner. During the afternoon the guests played bridge. The shower came in the nature of a surprise and was tendered Miss Hayward while at the refreshment table, being brought in on a large tray and set before her. The shower consisted of many very beautiful things which showed the high esteem in which Miss Hayward is held by her many friends. Among those present besides Mrs. Kinkel and the guest of honor were Mesdames Edward S. Lewis, W. E. Kaser, H. M. Smith, J. Scott Duncan, Jr., Don W. Lusk, H. E. Hoke, Misses Louise Sporleder, Elba Stonerod, Florence Hoskins, Cunningham, Helen Cunningham. Mrs. Kinkel was assisted in entertaining by Miss Cunningham.

Mrs. Vollmer Entertains
Mrs. Johanna Vollmer entertained at bridge whist yesterday afternoon at her home on the Hot Springs boulevard, complimentary to Mrs. William J. Mills of this city and Mrs. Arthur C. Tipton, of Newark, N. J. Miss Hannah Friedman won the honors at bridge, being presented with a handsome bound gift book. The guests of honor were very kindly remembered. Mrs. Mills being presented with a beautiful bunch of roses and Mrs. Tipton with a very pretty souvenir spoon. Light refreshments were served during the afternoon, the hostess being assisted in serving by Mrs. Harriet Van Patten, Miss Rieve and Miss Sylvia Vollmer. Among those present were Mesdames C. L. Mann-Bally, Jefferson Reynolds, W. E. Gortner, E. B. Shaw, B. T. Mills, W. J. Lucas, H. W. Kelly, A. Thomas, H. W. Green, H. Van Patten, A. Menet, Chas. H. Feld, Behringer, D. C. Winters, P. C. Carpenter, W. B. Bunker, J. S. Clark, C. Rosenwald, O. G. Schaefer, J. H. York, H. W. Goolitz, Misses Emma Cohn, Hannah Friedman and Mary Davis.

Delightful Bridge Party

Complimentary to their son, Arthur C. Tipton and his wife, of Newark, N. J., Dr. and Mrs. W. R. Tipton entertained last Saturday evening at bridge, at the spacious Tipton home on Seventh street. The evening was most enjoyable spent and the merry laughter which continued throughout the evening showed plainly that the heavy worries at bridge were far from the guests at the seven tables that evening. Mrs. Tipton proved a charming hostess and was cleverly assisted by Misses Cunningham and Helen Cunningham and May Ross, a visiting guest from Albuquerque. The honors of the evening were carried off by Mrs. Herbert W. Clark, for the ladies, and Edward J. McWenle, for the gentlemen. Mrs. Clark was awarded a pretty bridge whist set, while Mr. McWenle was the recipient of a handy set of clothes hangers. Light refreshments were served during the evening after which the merry crowd dispersed. Among those present, besides host and hostess and the guests of honor were Dr. and Mrs. C. S. Lodge, Dr. and Mrs. H. M. Smith, Mr. and Mrs. H. E. Hoke, Mr. and Mrs. A. C. Hfield, Mr. and Mrs. C. W. G. Ward.

Fighting the Plague

In street cars and elevated trains of New York City this sign has been displayed:

If You Have Consumption

Do not give it to others by spitting in the car. If you do not have it, don't let others give it to you by spitting. Consumption is caught mainly through dry sputum. If you must spit, use your handkerchief.

Committee on the Prevention of Tuberculosis, 69 Schermerhorn St.

This is one of the weapons employed in the fight to prevent the spread of the great white plague. The deadly germs of tuberculosis, lurking in the mucus discharged from consumptive lungs, get into the air and are breathed into the lungs of healthy people, where, if there is any sore spot, or weakness left by a cold or other irritating disturbance, they fasten and claim another victim.

Don't neglect a cough or cold. To break up a cold quickly there is nothing so effective as the mixture of two ounces of Glycerine, a half-ounce of Virgin Oil of Pine compound pure and eight ounces of pure Whisky. Shake well and take a teaspoonful every four hours. It clears the throat and bronchial organs, relieves hoarseness and heals irritations of the mucous surface quickly and because of its purity, is far preferable to the ordinary cough mixtures, many of which contain chloroform or other drug. It is claimed by the Leach Chemical Co. of Cincinnati, who prepare the genuine Virgin Oil of Pine compound pure, that this mixture will break a cold in twenty-four hours and cure any cough that is curable.

Mr. and Mrs. J. Scott Duncan, Jr., Mrs. Herbert Watson Clark, Misses Cunningham, Helen Cunningham, Schaefer, Helen Schaefer, Charlotte Hayward, Muriel Hill, May Ross, Messrs. Hallett Reynolds, E. D. Reynolds, Edward J. McWenle, Manuel O. Henriquez, James F. Anton, Carlos Dunn and William Springer.

APPLICANTS MUST FILE PROOF OF PUBLICATION

Santa Fe, N. M., Dec. 4.—Many applicants for water rights are losing their priority rights by failing to file in the office of the territorial engineer the proof of publication required by the law. It may some day prove a serious matter to the water user, who imagines he is secure in his water right because of having made prior application, but who failed to file the required proof of publication. Territorial Engineer Vernon L. Sullivan yesterday rejected the application of Mrs. Caesarina A. Lewis and C. H. McLennan of Carlsbad, Eddy county, for waste waters that had accumulated in the shape of a lake on the ground that these waters are not subject to appropriation.

Rich Men's Gifts Are Poor
beside this: "I want to go on record as saying that I regard Electric Bitters as one of the greatest gifts that God has made to woman," writes Mrs. O. Rhineault, of Vestal Center, N. Y. "I can never forget what it has done for me." This glorious medicine gives a woman buoyant spirits, vigor of body and brilliant health. It quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells; soon builds up the weak, ailing and sickly. Try them. 50c at all druggists.

The floating population should always be able to keep its head above water.
Don't Be Hopeless
about yourself when you're crippled with rheumatism or stiff joints—of course you've tried lots of things and they failed. Try Ballard's Snow-Eximent—it will drive away all aches, pains and stiffness and leave you as well as you ever were. Sold by Center Block Depot Drug Co.
Some fellows are so rapid that they run right away from prosperity.

Foley's Kidney Remedy will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. Cures backache and irregularities that if neglected might result in Bright's disease or diabetes. Red Cross Drug Co. and O. G. Schaefer.

Normal Notes
(Contributed.)
Miss Darden is a new student from Alabama, taking a special course. At the literary meeting Wednesday the chief feature was a debate: Resolved: "That the civil service should be extended to embrace all civil offices." The affirmative was defended by Miss Hazel Gerard and Miss Amy Hutchins, who showed that they were "on the band wagon" and cordially invited their opponents, Misses Toole and Pochel, to "take a ride." We cannot but admire the tact with which the president of the society warded off a blow which was expected to fall on her. It reminded us of "Uncle Joe" Cannon, the way she had what she wanted.

By a previous understanding most of the time was taken up discussing very frivolous questions, and had one wanted to say anything, it would have been almost impossible to be recognized by the chair, (unless one had been in the "ellipse." But wait!)

In Miss Healy's society, there was a great program. Their debate was Resolved: "That the sun revolves around the earth." The affirmative were Miss May Powers and Theodore Skinner; the negatives, Miss Goldalini Savage and Morris Bishl. Dr. Gowan and Miss Healy were judges and rendered their decision in favor of the affirmatives. The social given last night at the Y. M. C. A. was a great success and was enjoyed by all.
